The End of an Amazing Year!

What a great ending to another year of ***Repairing Homes and Improving Lives*** at Rebuilding Together. Pictured here is a Moorhead home; the residence of a 53 year old single woman suffering from debilitating back problems, kidney disease, and depression. With no able body family nearby and unable to receive assistance from other programs this homeowner turned to us for help. Thanks to a generous grant from Lowe's and a multitude of volunteer hours this home received a needed accessibility ramp, new roof, and main level laundry improving the life of this area resident.

"(I) am so grateful for this program it has helped me a lot "-Homeowner
